

SURVIVE THE COLLAPSE

THE RULES

How to win?

To survive, a team must fulfil two objectives:

COLLECTIVE OBJECTIVE

Teams must collect resources to survive. There are four different resources: water, food, energy and material. To win the game all teams must have enough resources to survive by 7pm. If even one team is short on resources, everybody loses. Players are encouraged to help other teams to make sure everyone survives.

The number of resources needed to survive are defined by the **survival targets**.

INDIVIDUAL OBJECTIVE

The team with the largest amount of points will win the game.

Points are allocated like this :

- 1 point per resource you collected or received
- 1 extra point for each resource you donated

You don't lose points for giving resources, but you earn 1 point for each resource received.

SURVIVAL TARGETS

At the start of the game, the survival targets are of 3 for all resources, which means that all teams must have at least 3 water, 3 food, 3 energy and 3 materials to survive. However, those targets might be changed later in the game because of catastrophes.

You can keep track of your points and number of resources on the “**Leaderboard**” tab in the app, and you can keep track of the targets when you click on the menu on the top-left side, under “**survival targets**”.

SURVIVE THE COLLAPSE

THE RULES

How to get resources?

There are several ways to obtain resources:

LOOTING

Find locations from the “**Looting**” tab, go to the location, and unlock the resource by clicking on the corresponding picture in the Looting tab, and then “Use my current location”. If you are at the right location, this will trigger a question, and if you answer the question correctly, you can earn **1** resource.

SUSTAINABLE SUPPLIERS

There are only 4 resource suppliers left in Singapore, one for each resource. Find the resource supplier. He will challenge you. You will earn up to **3** of the same resource if you succeed at their challenge.

Social distancing: You must make an appointment with the supplier and be there on time. If you encounter any delay, make sure you notify them using the WhatsApp group.

You can decide to cancel/modify an appointment at any time. However, note that there are fewer timeslot than there are teams. If you act too late, there may not be any slot left for you. If you free up a timeslot, please notify the other teams on Whatsapp as one of them may be able to take it..

To make an appointment, your **team leader** needs to go to their profile (their name in the top-left menu) and scroll down to “**Sustainable suppliers bookings**”.

To find the locations of the suppliers, go to the “**Suppliers**” tab, pick the supplier and you’ll find the address and the map. You will be able to see if there are still available slots as well.

TRADING

Teams can engage in trading at their own terms.

They can announce the items they are willing to trade using the app in the “**Trading**” tab, and you can view the different trading offers through that tab at any time.

RECEIVING FOR FREE

Other teams can donate resources to you.

SURVIVE THE COLLAPSE

THE RULES

Be careful, you can also lose resources...

Catastrophes might happen at any moment in the game due to climate change. They will be communicated through WhatsApp and impact all teams in the same way.

Track resources

At any time, you can track the amount of resources you have as well as the other teams on the app, on the “**Leaderboard**” tab.

If you have properly registered to the game, you should already be in the WhatsApp chat. Here you can share pictures and chat with other teams, ask questions to the admin, and be notified of catastrophes. Make sure at least one person in your team is in the chat.

End of the game

The game ends at 7PM

At that time, the winners will be announced.

If even just one team hasn't survived, everyone will lose.

PRIZES

One tree will be planted for each point won across all teams.

the 4 members of the winning team will get:

- ➡ a FREE 7 Course Set Dinner at the Fine Dining meatless restaurant JOIE by Dozo (to be redeemed on a different day).
- ➡ a FREE “Kultail”, a signature cocktail, at the new location of the art bar Kult Kafe, to be redeemed on the same day.
